

CELEBRANDO NAVIDAD KID BAGS

Every child will receive a gallon size ziplock type bag that has been hole punched on top (in the middle) with a pink or blue string, yarn or shoelace tied through it. As they come through the food line we place a bag around their neck.

Perhaps this is a mission project the WINTER TEXANS, church, 4-H club, or organization would like to participate in. Many times there may be a group coming from your area that could bring your bags.

We need boy, girl, teenager and baby bags. Ideas to include but not limited to:
